

## Children's Circle of Care<sup>SM</sup>

Leading Benefactors of Children's Hospitals

### Children's Circle of Care

In 1995, The Children's Hospital joined other leading pediatric hospitals to form *Children's Circle of Care*. By recognizing individuals, family foundations and private corporations giving \$10,000 or more in a calendar year, *Children's Circle of Care* highlights the role of philanthropy in assuring excellence in pediatric healthcare.

Currently, 24 prominent children's hospitals across the United States and Canada participate in this recognition program. *Children's Circle of Care* members contributed nearly \$17.5 million in cash gifts to Children's in 2008. With sincere pleasure, we recognize the following 284 donors for their exemplary support and thank them for helping Children's continue in excellence!

Red indicates a Children's Miracle Network Donor/Partner
